GP REGISTRARS
TO SAVE UP TO **\$500***

HealthCert Education provides an easy solution to complete your annual CPD requirements and acquire valuable skills – all in one place.

How did the CPD requirements change and what do you have to do to comply?

The Medical Board of Australia (MBA) has introduced new CPD requirements in 2023. Doctors practising in Australia are now required to complete CPD on an annual basis, and CPD has shifted to hours instead of points. All doctors must meet these requirements regardless of hours worked.

Doctors must meet the following annual CPD requirements:

Submit CPD plan

At the start of each year, doctors must define their goals for the year ahead.

50 hours of CPD activities

Min 12.5 hrs education
Min 5 hrs outcomes
Min 5 hrs performance
Min 12.5 hrs of choice

} Min 25 hrs

Self-assessment and reflection

At the end of each year, doctors must review and reflect on CPD completed as they prepare for the following year.
