

FOUNDATION CERTIFICATE OF RESPIRATORY CONDITIONS & INFECTIONS

ONLINE

ACCREDITED BY

ACCREDITED BY

Chronic respiratory conditions affect almost a third of Australians. They significantly impact patients' quality of life and productivity and lead to thousands of deaths each year. The online Foundation Certificate of Respiratory Conditions & Infections equips medical practitioners with the knowledge to diagnose, manage and prevent common respiratory illnesses, including asthma, COPD, sinusitis, lung cancer, and upper respiratory tract infections – one of the most common presentations managed in general practice.

TOPICS COVERED

- Asthma
- Chronic Obstructive Pulmonary Disease (COPD)
- Sinusitis
- Upper respiratory tract infection (URTI)
- Lung cancer

COURSE DELIVERY AND REQUIREMENTS

This course consists of four online modules and is for physicians and degree-qualified health professionals. There are no prerequisites.

If you have completed the Chronic Obstructive Pulmonary Disease module as part of the HealthCert Professional Certificate of Chronic Disease & Conditions, you may request a fee reduction for this course.

FEES

Foundation Certificate **\$995**
