

PROFESSIONAL CERTIFICATE OF

AESTHETIC MEDICINE

ONLINE + OPTIONAL WORKSHOP

NO PHARMA SPONSORSHIP

POSTGRADUATE
STUDIES WITH

The latest trends in health and skin care result in an increased demand for aesthetic services and cosmetic treatments – and skilled practitioners. Meeting your patients' aesthetic concerns and helping them to regain their healthy appearance and confidence will build long-term loyalty and add non-Medicare based revenue to your practice. This strictly science-based not company-funded program is quality-assured by Bond University and CPD accredited, and provides training in the evolving field of aesthetic medicine fully online or online with a one-day practical workshop.

The foundation course in the three-part pathway, the **Professional Certificate of Aesthetic Medicine** is tailored for GPs with a clinical interest in the science of aesthetic medicine and the wish to grow their practice in that area. You can expect to develop solid foundation knowledge in the safe practice of highly requested and low-cost-to-deliver aesthetic treatments for clinical conditions, along with the medical and business knowledge required to integrate the services into your practice. The course features interactive lectures, case discussions, live demonstrations, and optional practical sessions on pork parts and simulated models.

**Professional Certificate of
Aesthetic Medicine****Advanced Certificate of
Aesthetic Medicine****Professional Diploma of
Aesthetic Medicine**

TOPICS COVERED

- Concepts of aesthetic medicine
- Facial anatomy and skin classifications
- Planning of cosmetic procedures
- Chemical peels
- Topical skin treatments
- Botulinum toxin injections
- Dermal fillers and basic filler techniques
- Set up and marketing of services in general practice

COURSE DELIVERY AND REQUIREMENTS

This course is for physicians, nurse practitioners and degree-qualified nurses who are registered with AHPRA, and assumes no prior knowledge or training in the field. The course is delivered in three parts:

1. **Online lectures:** Start your online studies anytime and complete the eight modules at your convenience.
2. **Live web tutorials:** Reinforce your learning, ask questions and follow along demonstrations of procedures from home.
3. **Optional workshop:** Apply theory in practice and cement your knowledge through guided hands-on workshops in select locations.

PRESENTERS

Dr Jenny Kimmins
Southern Cosmetics Clinic

Dr Dianne King
National Skin Cancer & Skin Repair Centres

Dr Chris Clifopoulos
The Croxton Medical Centre

Dr Nicholas Kokotis
Southern Cosmetics Clinic

THE COURSE INCLUDES

Pre-reading activities, an optional practical workshop with expert demonstrations and hands-on activities, interactive live web tutorials and further readings, individual assessment tasks, and two online examinations.

CERTIFICATION

Upon successful completion of the course, you will receive the HealthCert Professional Certificate and accredited CPD hours. Please refer to our website for details.

POSTGRADUATE STUDIES

This course is the first stage of the HealthCert Professional Diploma of Aesthetic Medicine pathway. Upon successful completion of the pathway, graduates can complete a clinical attachment program to increase the safety and accuracy of their work. Professional Diploma graduates can also apply for Recognition of Prior Learning for module 1 of the Postgraduate Diploma of Cosmetic Medicine studied entirely online through Diploma MSc and awarded by the University of South Wales (UK), saving time and fees. Graduates can then apply for credit towards the MSc in Cosmetic Medicine awarded by the University of South Wales.

“ *The Professional Certificate of Aesthetic Medicine was a wonderful experience and I will definitely inculcate my learning into my future practice. The course is very useful in general practice for anyone interested in aesthetic medicine.*

- Dr N. Ahmed, WA -
