speakers

Networking
opportunity

After three incredible years and phenomenal feedback, **the fourth annual Evoca Women's Health Conference returns this October** and we'd love for you to join us. Designed for GPs, registrars, nurses, and allied health practitioners, this full-day event features an exceptional line-up of experts covering menopause, pelvic pain, cancer genetics, vulval disease, fertility, breast screening, and more.

Expect thought-provoking interactive sessions, practical insights, and plenty of opportunities to connect with fellow GPs who share your passion for advancing women's health. The program also includes dedicated Q&A sessions with our esteemed speakers.

With the generous support of our sponsors, this year's program also includes an exclusive networking dinner for Evoca clinicians on Friday 16 October, and post-conference networking drinks for all attendees on Saturday 17 October. **We look forward to welcoming you to a powerful day designed to educate, engage, and empower.**

Dr Sneha Wadhvani
