

PRACTICAL SKILLS WORKSHOPS

EARLY BIRD SAVE
REGISTER
30+ DAYS IN
ADVANCE **\$200**

The HealthCert Education workshops are the hands-on component of our Certificate Courses and provide skills-based training in a small-group environment, giving you the confidence to perform procedures safely and effectively in real clinical settings. Designed for busy GPs, these one-day sessions complement your online learning with supervised, hands-on training so you can refine your skills, earn CPD hours, and provide better care.

Certificate Course + Workshop = Full learning experience

Every HealthCert Certificate Course starts with comprehensive online modules that you can complete anytime, anywhere. When you are ready, add an optional one-day practical workshop to translate that knowledge into real clinical skill. Workshops are available only with a corresponding Certificate Course.

Learn theory at your own pace

Attend a workshop

Practise under expert supervision

Earn your certificate

Gain recognition and CPD hours

Why attend a practical workshop

Each one-day workshop brings your online course content to life with real procedures, live demonstrations, and peer-to-peer learning you simply can't get from a textbook.

- ✓ Practise key procedures on pork parts, models, and real people
- ✓ Watch live demonstrations with practical tips from experienced GPs
- ✓ Build procedural confidence with expert supervision and feedback in small groups
- ✓ Ask questions, from technique and clinical decisions to patient communication and business integration
- ✓ Connect with peers, exchange ideas and recharge in catered breaks
- ✓ Earn up to 8 Performance Review CPD hours in a single day

What's included

When you enrol in a HealthCert Education Certificate Course, you will gain instant access to your online learning modules and can optionally add a practical workshop for real-world, hands-on experience.

Online course includes:

- ✓ Lifetime access to lectures and learning modules
- ✓ Expert-led tutorials
- ✓ Online assessments
- ✓ CPD accreditation with RACGP and ACRRM
- ✓ University-assured certificate

Workshop adds:

- ✓ One-day, small-group practical training
- ✓ Workbook, consumables, and models provided
- ✓ Supervised practice and feedback throughout the day
- ✓ Up to an additional 8 Performance Review CPD hours
- ✓ Morning tea, lunch, and afternoon tea all included
